The Incline Village Tennis Center is planning an event to help fund the development of youth tennis. Youth tennis is developing into a competitive sport throughout Incline Village; however it is lacking the funds necessary to recruit new players, purchase teaching equipment and to provide scholarships. We are currently putting together a Professional Exhibition and fundraising dinner, which will generate fund raising support as well as public awareness for youth tennis in Incline Village.

On July 30<sup>th</sup>, we will host our Youth Tennis fundraising dinner and silent auction. The gala dinner will feature top touring pros **Jan Michael Gambill** (former #14 in the world) and **Robert Kendrick** (currently ranked #153 in the world), taking place at the Diamond Peak Base Lodge. The “*Game, Set, Match*” fundraiser will provide an opportunity to focus attention on the juniors who directly benefit from your support.

The Incline Tennis Center focuses on the growth of youth tennis programs in Incline Village (and North Lake Tahoe) by making tennis affordable for all children through scholarships for group lessons, private instruction, and equipment. Tennis has a positive impact on our children, and can teach lifelong skills, through hard work, discipline, and sportsmanship.

Your partnership with the Incline Village Tennis Center could provide a great opportunity to grow youth tennis. Working together we can make a difference to current children and future children of Incline Village. We are a small organization trying to accomplish big things and we need your help. Please see the enclosed details of how a partnership can be mutually beneficial. Your small investment now can make a huge impact on the future of junior tennis within Incline Village.

Sincerely,

Nicholas Saadi
